Installation sur un ordinateur (installation du logiciel standard)	+	+	Déconseillée	+
Installation sur un serveur Terminal Server	-	-	+	+
Installation sur plus d'un ordinateur : point d'installation administrative	-	+	+	+
Installation sur plus d'un ordinateur : point d'installation administrative avec activation automatique	-	+	-	-

Méthodes de déploiement

Installation sur un ordinateur (installation du logiciel standard)

1. Cette méthode est adaptée à tous les types de licences excepté la licence **Concomitante**.
2. Une fois FineReader installé, il devra être activé.

Installation sur plus d'un ordinateur

Vous pouvez créer un point d'installation administrative pour installer ABBYY FineReader PDF 15 sur plus d'un ordinateur et déployer ABBYY FineReader depuis un serveur jusqu'aux stations de travail.

ABBYY FineReader est activé par le serveur.

1. Création d'une installation administrative

Installation administrative avec serveur de licences et gestionnaire de licences

- La connexion internet n'est pas requise sur les postes de travail.
- Le gestionnaire de licences est requis.
- Le produit peut être installé sur différents sous-réseaux. Pour ce faire, vous devez configurer une connexion TCP\IP. Pour plus de détails, consultez [Comment puis-je modifier les paramètres de connexion réseau ?^{\[60\]}](#)

Point d'installation administrative multi-utilisateur avec licences par poste et activation automatique

- La connexion internet est requise sur les postes de travail.
- Le gestionnaire de licences n'est pas requis.
- Cette méthode permet le déploiement de FineReader sur des ordinateurs ayant un réseau LAN différent.

2. Méthodes de déploiement

Installez ABBYY FineReader sur des postes de travail à l'aide de l'une des méthodes suivantes :

- **manuellement en mode interactif**

- **via la ligne de commande**

Vous pouvez utiliser le type d'installation silencieuse. Aucune boîte de dialogue n'apparaîtra pendant l'intallation.

- **Active Directory**

- Cette méthode peut uniquement être utilisée avec la **Group Policy Management (Gestion de la stratégie de groupe)** pour déployer FineReader sur des ordinateurs spécifiques ou un groupe de domaines.
- Les éléments et les options du menu spécifique qui nécessitent une connexion Internet peuvent être masqués. Le comportement du logiciel peut également être modifié. Pour plus d'informations, reportez-vous à [Utilisation d'une stratégie de groupe pour la configuration d'ABBYY FineReader 15^{\[52\]}](#).

- **Microsoft System Center Configuration Manager (SCCM)**

Cette méthode fournit la meilleure automatisation.

Installation sur un serveur Terminal Server

Avec une licence **concomitante** ou **d'utilisateur distant** :

1. Si vous choisissez ce type de licence, vous devrez créer un point d'installation administrative et installer License Server et License Manager.
2. Vous devez utiliser le gestionnaire de licence pour l'activation d'ABBYY FineReader PDF 15.
3. un serveur de licences doit être déployé sur une machine accessible par tous les serveurs Terminal Server à tout moment.

Déploiement d'ABBYY FineReader PDF 15 sur un réseau local (Installation sur plus d'un ordinateur)

ABBYY FineReader PDF 15 peut être installé et utilisé sur un réseau local.

Grâce aux méthodes d'installation automatisées, vous pouvez installer rapidement et facilement ABBYY FineReader PDF 15 Corporate sur un réseau local sans avoir à installer manuellement le programme sur chaque poste de travail.

ABBYY FineReader est déployable depuis n'importe quel ordinateur exécutant Microsoft Windows 8.1 (ou une version ultérieure).

Le processus de déploiement comporte les étapes suivantes :

1. Installation administrative

- Installation d'ABBYY FineReader PDF 15 Corporate License Server et d'ABBYY FineReader PDF 15 Corporate License Manager

Pour obtenir des instructions détaillées, consultez [Installation de License Server et de License Manager](#)^[11].

Remarque : l'ordinateur sur lequel le ABBYY FineReader PDF 15 Corporate License Manager est installé devient un poste Administrateur des licences.

- Création d'un point d'installation administrative

Pour obtenir des instructions détaillées, consultez [Création d'un point d'installation administrative](#)^[13].

Remarque. Si le serveur de licences et les postes de travail se trouvent sur des sous-réseaux différents, une connexion TCP/IP doit être configurée. Pour ce faire, sur l'ordinateur sur lequel le serveur de licences est installé, apportez les modifications nécessaires au protocole de connexion et aux paramètres du port de connexion dans le fichier Licensing.ini, puis copiez le fichier dans le point d'installation administrative. Pour plus de détails, consultez [Comment puis-je modifier les paramètres de connexion réseau ?](#)^[60]

Remarque : le point d'installation administrative et License Server peuvent être installés sur un même ordinateur ou sur des postes distincts.

2. Gestion des licences

Les licences sont gérées par le biais d'ABBYY FineReader PDF 15 License Manager.

Afin que les licences soient correctement distribuées parmi les postes de travail lors de l'installation et de l'utilisation d'ABBYY FineReader PDF 15, vous devez octroyer une priorité à certains postes de travail/utilisateurs pour l'obtention de licences. Pour ce faire, vous devez réserver des licences et des pools de licences pour des postes de travail/utilisateurs spécifiques. Un pool de licences est un ensemble de licences fournissant l'accès au programme. Les pools facilitent la gestion des licences : par exemple, vous pouvez ajouter plusieurs licences à un pool, puis réserver le pool pour des postes de travail/utilisateurs spécifiques au lieu de réserver chaque licence individuellement.

Pour plus de détails, consultez [Gestion des licences](#)¹⁴.

3. Installation d'ABBYY FineReader sur des postes de travail via l'une des méthodes suivantes :

- manuellement en mode interactif ;
- installation par l'intermédiaire de la ligne de commande ;
- Active Directory ;
- Microsoft System Center Configuration Manager (SCCM)

Pour obtenir des instructions détaillées, consultez [Installation d'ABBYY FineReader 15 sur des postes de travail](#)¹⁸

Remarque : La version 32 bits d'ABBYY FineReader PDF 15 ne peut pas être installée sur un système 64 bits. Il en va de même pour la version 64 bits sur un système 32 bits.

Important !

N'installez pas License Server dans le même dossier que le point d'installation administrative.

Configuration requise pour le dossier d'installation administrative

1. 1.5 Go d'espace disque libre pour créer un point d'installation administrative
2. Accès en lecture au dossier d'installation administrative (ex. : **\MyFileServer\Distribs\ABBYY FineReader PDF 15**) pour tous les utilisateurs dont les ordinateurs accueilleront une installation d'ABBYY FineReader.
3. Le serveur (**\MyFileServer**) sur lequel le point d'installation administrative est créé doit être un serveur de fichiers exécutant un système d'exploitation qui prend en charge les longs noms de fichiers.
4. En cas d'utilisation d'Active Directory pour le déploiement d'ABBYY FineReader PDF 15, les comptes d'ordinateur du domaine doivent disposer de droits en lecture pour le dossier d'installation administrative.

Configuration requise pour License Server

1. 100 Mo d'espace disque libre pour créer des comptes et des fichiers de licence.
2. Le serveur (**\MyLicenseServer**) sur lequel License Server est installé doit fonctionner sous Microsoft Windows 10, Microsoft Windows 8.1, Microsoft Windows Server 2019, Microsoft Windows Server 2016, Microsoft Windows Server 2012 R2.
3. Le nombre de connexions prises en charge par le système d'exploitation de License Server doit être au moins égal au nombre total d'utilisateurs potentiels du programme (pour les licences **concomitante** et **d'utilisateur distant**).
4. La connexion au serveur de licences doit être stable sur tous les postes de travail.

Configuration requise pour le poste Administrateur des licences

1. PC fonctionnant sous Microsoft Windows 10, Microsoft Windows 8.1, Microsoft Windows Server 2019, Microsoft Windows Server 2016, Microsoft Windows Server 2012 R2.
2. Le système d'exploitation doit prendre en charge la langue d'interface sélectionnée.
3. 100 Mo d'espace disque libre.

Configuration requise pour les postes de travail

1. Un processeur 1 GHz 2 bit (x86) ou 64 bit (x64) ou à plus grande puissance avec un set d'instructions SSE2.
2. Système d'exploitation : Microsoft Windows 10, Microsoft Windows 8.1, Microsoft Windows Server 2019, Microsoft Windows Server 2016, Microsoft Windows Server 2012 R2 (pour utiliser des interfaces localisées, le système d'exploitation doit prendre en charge la langue correspondante).
3. 1 Go Ram (4 Go recommandé) 512 Mo de RAM supplémentaires sont requis pour chaque processeur supplémentaire dans un système multiprocesseur.
4. 1.5 Go pour l'installation de tous les composants du programme ; 1.5 Go pour l'utilisation du programme.
5. Carte graphique et moniteur prenant en charge une résolution de 1024*768 au minimum.
6. Clavier, souris ou autre dispositif de pointage.

Installation administrative avec License Server et License Manager

Installation de License Server et de License Manager

- Lancez le fichier **AutoRun.exe** depuis le fichier d'installation et choisissez **Installation en masse > Installer et activer à l'aide du gestionnaire de licences > Étape 1. Installez le serveur de licences et le gestionnaire de licences.**
Sinon, lancez le fichier **License Server\Setup.exe** depuis le dossier d'installation.

- Suivez les instructions du programme d'installation.

Pendant l'installation, vous pouvez :

- Installer ABBYY FineReader License Server et ABBYY FineReader License Manager.
Le serveur de licences et le gestionnaire de licences seront installés sur le même ordinateur.
Vous pouvez spécifier le dossier dans lequel le serveur de licences doit être installé.
- Installer uniquement ABBYY FineReader PDF 15 License Server. Il vous faudra spécifier le dossier dans lequel installer License Manager, ainsi que le nom de l'ordinateur hébergeant License Server.

Remarque :

- Si plusieurs utilisateurs doivent assurer la gestion des licences d'ABBYY FineReader PDF 15, l'utilitaire License Manager doit être installé sur leur ordinateur.
- Chaque utilisateur doit être membre de l'un des deux groupes locaux sur le serveur :
 - Administrateurs de licences ABBYY
 - BUILTIN\Administrateur

Vous pouvez désactiver l'autorisation de l'utilisateur dans le fichier %commonprogramfiles%\ABBYY\FineReader\15\Licensing\NetworkLicenseServer.ini (ou %commonprogramfiles(x86)%\ABBYY\FineReader\15\Licensing\NetworkLicenseServer.ini si vous utilisez un système 64 bits).

Ce fichier se trouve sur l'ordinateur sur lequel License Server a été installé.

Ajoutez le paramètre suivant dans ce fichier :

[Licensing]

EnableManagerAuthorization = false

Important ! Pour que les modifications effectuées soient effectives, vous devez redémarrer ABBYY FineReader PDF 15 Licensing Service.

Création d'un point d'installation administrative

1. Lancez le fichier **AutoRun.exe** depuis le fichier d'installation et choisissez **Installation en masse > Installer et activer le gestionnaire de licences > Étape 2. Créer une installation administrative.**
Sinon, utilisez la ligne de commande permettant d'exécuter la commande suivante dans le dossier d'installation : **Setup.exe /a**.

Remarque : reportez-vous à [Options supplémentaires de ligne de commande pour l'installation silencieuse](#)¹⁹ avec des options supplémentaires pour l'installation de la ligne de commande.

2. Suivez les instructions du programme d'installation.

Lorsque le programme d'installation vous y invite, spécifiez les informations suivantes :

- le nom de l'ordinateur sur lequel License Server doit être installé ;

Remarque : Une adresse IP de serveur peut être utilisée à la place de son nom.

- le chemin d'accès du dossier d'installation administrative.

Important ! Ne déplacez pas le dossier d'installation administrative après avoir installé ABBYY FineReader sur les postes de travail.

Gestion des licences

ABBYY FineReader PDF 15 License Manager est une application spéciale fournie avec ABBYY FineReader PDF 15 servant à gérer les licences d'ABBYY FineReader. L'application est installée sur le poste Administrateur des licences si ABBYY FineReader PDF 15 est déployé sur un réseau local (consultez [Installation de License Server et de License Manager](#)¹¹ pour plus de détails).

Configurez vos licences avec ABBYY FineReader PDF 15 License Manager :

- Ajoutez vos licences à ABBYY FineReader PDF 15 License Manager.**

Une licence (ou un groupe de licences) ABBYY FineReader PDF 15 comporte un numéro de série unique qui l'identifie. Pour activer une licence et l'ajouter à ABBYY FineReader PDF 15 License Manager, vous devez activer son numéro de série.

- Créez des pools de licences et ajoutez les licences requises aux pools.**

Un pool de licences est un ensemble de licences ou de numéros de série de même catégorie. Les pools de licences facilitent l'utilisation des licences. Par exemple, au lieu de réserver chaque licence séparément, vous pouvez les ajouter à un pool, puis réserver ce pool pour les postes de travail/utilisateurs concernés.

- Réservez les pools et les licences pour les postes de travail et les utilisateurs concernés.**

Avant l'installation d'ABBYY FineReader PDF 15 sur les postes de travail, vous devez distribuer les licences parmi les postes de travail/utilisateurs inclus dans le gestionnaire de serveurs ABBYY FineReader PDF 15. Le processus de distribution est effectué par la réservation d'une licence pour un poste de travail/utilisateur particulier. Dès que la licence est réservée, seul le poste de travail/utilisateur désigné pourra l'utiliser.

Important ! Réservez les licences par siège et les pools avant de commencer l'installation d'ABBYY FineReader PDF 15 sur les postes de travail. Pour associer ou désassocier un poste de travail après y avoir installé ABBYY FineReader, il vous faut supprimer le programme du poste de travail. Pour déplacer une licence par poste d'un poste de travail vers un autre, après l'installation d'ABBYY FineReader, vous devez désactiver la licence. Le nombre de désactivations autorisées est limité.

Pour plus d'informations sur les types de licences et sur la méthode d'utilisation d'ABBYY FineReader PDF 15 License Manager, consultez le fichier d'aide d'ABBYY FineReader PDF 15 License Manager.

Déploiement d'un package de distribution multi-utilisateur avec licences par poste

Le déploiement d'un package de distribution multi-utilisateurs avec activation automatique ne requiert pas l'installation du serveur de licences ni du gestionnaire de licences.

Le déploiement d'un package de distribution multi-utilisateur sur un réseau local comprend les étapes suivantes :

1. Créer un point d'installation d'administration multi-utilisateur

Lors de cette étape, une clé d'activation multi-utilisateur est ajoutée au package de distribution, ce qui permet d'installer ABBYY FineReader sur des postes de travail sans avoir à saisir de numéro de série.

Pour obtenir des instructions détaillées, consultez [Création d'un point d'installation administrative multi-utilisateurs avec licences par poste](#)^[17].

2. Installation d'ABBYY FineReader sur des postes de travail via l'une des méthodes suivantes :

- manuellement en mode interactif ;
- installation par l'intermédiaire de la ligne de commande ;
- Active Directory ;
- Microsoft System Center Configuration Manager (SCCM) ;

Pour obtenir des instructions détaillées, consultez [Installation d'ABBYY FineReader 15 sur des postes de travail](#)^[18].

Remarque : La version 32 bits d'ABBYY FineReader PDF 15 ne peut pas être installée sur un système 64 bits. Il en va de même pour la version 64 bits sur un système 32 bits.

Configuration requise pour le dossier d'installation administrative

1. 1.5 Go d'espace disque libre pour créer un point d'installation administrative
2. Accès en lecture au dossier d'installation administrative (ex. : **\MyFileServer\Programs Dists\ABBYY FineReader PDF 15**) pour tous les utilisateurs dont les ordinateurs accueilleront une installation d'ABBYY FineReader.
3. Le serveur (**\MyFileServer**) sur lequel le point d'installation administrative est créé doit être un serveur de fichiers exécutant un système d'exploitation qui prend en charge les longs noms de fichiers.
4. En cas d'utilisation d'Active Directory pour le déploiement d'ABBYY FineReader PDF 15, les comptes d'ordinateur du domaine doivent disposer de droits en lecture pour le dossier d'installation administrative.
5. Le chemin d'accès doit remplir les conditions suivantes :
 - Le chemin d'accès ne doit pas contenir de caractères ne faisant pas partie de la page de code de la langue sélectionnée comme langue système par défaut pour les applications n'utilisant pas l'Unicode.
 - Les noms des dossiers intermédiaires ne peuvent pas commencer par un espace.

Remarque : pour plus d'informations sur la configuration requise pour les postes de travail, consultez [Configuration requise pour les postes de travail](#)^[10].

Création d'un point d'installation administrative multi-utilisateurs avec licences par poste

1. Lancez le fichier **AutoRun.exe** depuis le dossier d'installation et choisissez **Installation en masse** > **Créer un package d'installation avec activation automatique** et sélectionnez la version du point d'installation administrative adéquate.

[!\[\]\(e22ced917bd746bab8a8bcb940bf4a1a_img.jpg\) Choisir un type d'installation groupée](#)

[!\[\]\(0ebf3f9f6e49e9383215c359d6d92943_img.jpg\) Installer et activer avec License Manager](#)
 Ce mode d'installation est compatible avec les licences concurrentes, d'utilisateur distant ou par siège. Un point d'installation administrative sera créé pour l'installation du programme sur votre réseau local. License Server et License Manager seront installés pour activer la gestion des licences.

[!\[\]\(7e13409480a9e0a00ad84d3a2a18a0f6_img.jpg\) Créer un package d'installation avec activation automatique](#)
 Ce mode d'installation est compatible avec les licences par siège dans lesquelles plusieurs licences sont associées au même numéro de série. Un package d'installation sera créé et pourra être installé sur plusieurs ordinateurs non connectés à un réseau.

[Afficher le guide de l'administrateur système](#)

[Quitter](#)

Sinon, utilisez la ligne de commande pour exécuter la commande suivante dans le dossier d'installation : **Setup.exe /a**.

Remarque : reportez-vous à [Options de ligne de commande supplémentaires pour l'installation silencieuse](#)²² avec des options supplémentaires pour l'installation de la ligne de commande

2. Suivez les instructions du programme d'installation.

Vous pouvez ajouter une clé d'activation multi-utilisateur au package de distribution existant ou créer un nouveau point d'installation d'administration. Si vous choisissez la deuxième option, il vous faudra définir le chemin d'accès du dossier où le nouveau point d'installation d'administration se situera. Le chemin d'accès doit remplir les conditions suivantes :

- Le chemin d'accès ne doit pas contenir de caractères ne faisant pas partie de la page de code de la langue sélectionnée comme langue système par défaut pour les applications n'utilisant pas l'Unicode.
- Les noms des dossiers intermédiaires ne peuvent pas commencer par un espace.

Ainsi, un package de distribution ABBYY FineReader sera créé et pourra être installé sur des postes de travail sans avoir à saisir de numéro de série. Le produit sera automatiquement activé sur Internet, aucune confirmation ne sera demandée à l'utilisateur. Le poste de travail sur lequel le produit est en cours d'installation doit être connecté à Internet.

Installation d'ABBYY FineReader PDF 15 sur des postes de travail

Important ! Avant d'installer ABBYY FineReader PDF 15 sur des postes de travail, vous devez :

- Créer un point d'installation d'administration et configurer des licences en utilisant le Gestionnaire de licences d'ABBYY FineReader PDF 15 (voir [Installation de License Server et de License Manager](#)^[11], [Création d'un point d'installation administrative](#)^[13], [Gestion des licences](#)^[14]).

Remarque : Un poste de travail obtient une licence par poste et est uniquement associé au serveur lorsqu'ABBYY FineReader PDF 15 est installé dessus, en respectant la configuration des licences au moment de l'installation.

ou

- Créer un point d'installation d'administration multi-utilisateur (voir [Créer un point d'installation d'administration multi-utilisateur](#)^[17]).

Remarque : Si un poste de travail a été cloné à partir d'une autre machine, vous devez modifier la valeur de l'identifiant de sécurité (SID) avant d'installer ABBYY FineReader pour éviter tout dysfonctionnement du mécanisme de licence.

Installation interactive

1. Créez un point d'installation d'administration (voir [Installation administrative avec License Server et License Manager](#)^[10]) ou un point d'installation d'administration multi-utilisateur (voir [Créer un point d'installation d'administration multi-utilisateur](#)^[17]).
2. Exécutez le fichier **setup.exe** dans le dossier d'installation administrative.

3. Suivez les instructions de l'Assistant d'installation.

Installation par l'intermédiaire de la ligne de commande

1. Créez un point d'installation d'administration (voir [Installation administrative avec License Server et License Manager](#)^[10]) ou un point d'installation d'administration multi-utilisateur (voir [Créer un point d'installation d'administration multi-utilisateur](#)^[17]).
2. Exécutez le fichier **setup.exe** dans le dossier d'installation administrative en utilisant les paramètres de ligne de commande décrits ci-après.

Installation silencieuse

Pour une installation silencieuse, saisissez

Setup.exe /qn

Dans le cas d'une installation silencieuse, aucune boîte de dialogue d'installation ne s'affiche et le programme est installé dans sa configuration par défaut (la langue d'interface est sélectionnée automatiquement en fonction des paramètres régionaux de l'ordinateur).

Remarque : Remplacez « **/qn** » par « **/qb** » si vous souhaitez afficher la barre de progression de l'installation. Aucune autre boîte de dialogue n'apparaîtra.

Utilisation de Windows Installer

Pour installer ABBYY FineReader PDF 15 à l'aide de Windows Installer, exécutez la commande suivante à partir d'une invite de commande :

msiexec.exe /i "%pathToFile%" /qb

où %pathToFile% est le chemin d'accès au fichier **ABBYY FineReader 15 x64.msi** pour les systèmes 64 bits ou le chemin d'accès au fichier **ABBYY FineReader 15.msi** pour les systèmes 32 bits.

Note : À la place de **/qb**, vous pouvez aussi choisir d'utiliser **/qn** ou **/q**.

Important ! ABBYY FineReader PDF 15 ne peut pas être installé en mode interactif à l'aide de Windows Installer.

Pour installer ABBYY FineReader PDF 15, vous pouvez utiliser l'un des fichiers *.msi suivants :

1. le fichier *.msi du dossier d'installation administrative (consultez [Création d'un point d'installation administrative](#)^[10])
2. le fichier *.msi d'un package de distribution avec activation automatique (consultez [Déploiement d'un package de distribution multi-utilisateurs avec des licences par poste et activation automatique](#)^[15])
3. le fichier *.msi du dossier contenant les fichiers de configuration

Important ! Veuillez vous assurer que Visual C++ Redist est déjà installé sur le poste de travail. Vous pouvez télécharger Visual C++ Redist [ici](#) ou l'installer à partir du dossier VC_Redist, qui est disponible dans le dossier contenant les fichiers de configuration.

Pour installer Visual C++ Redist à partir du dossier VC_Redist :

- dans le cas d'un système 32 bit, exécutez **vcredist_x86.exe**
- dans le cas d'un système 64 bit, exécutez **vcredist_x86.exe** et **vcredist_x64.exe**, dans n'importe quel ordre.

Options de ligne de commande supplémentaires pour une installation silencieuse

/L<language code> désactive automatiquement la sélection automatique de la langue d'interface et installe ABBYY FineReader avec la langue d'interface spécifiée sur la ligne de commande.

Les valeurs de **code de langue*** possibles sont les suivantes :

- 1026 Bulgare
- 1028 Chinois (traditionnel)
- 1029 Tchèque
- 1030 Danois
- 1031 Allemand
- 1032 Grec
- 1033 Anglais
- 1034 Espagnol
- 1036 Français
- 1038 Hongrois
- 1040 Italien
- 1041 Japonais
- 1042 Coréen
- 1043 Néerlandais
- 1045 Polonais
- 1046 Portugais (Brésilien)
- 1049 Russe
- 1051 Slovaque
- 1053 Suédois
- 1055 Turc
- 1058 Ukrainien
- 1066 Vietnamien

2052 Chinois (simplifié)

* Le nombre de langues d'interface disponibles dépend de votre type de package de distribution.

/V"<ligne de commande>" transmet la ligne de commande spécifiée directement à **msiexec.exe**.

/a – permet de créer un point d'installation administrative

À la place des mots « ligne de commande », vous pouvez définir les éléments suivants :

INSTALLDIR=" <path>"</path>	Spécifie le chemin d'accès au dossier dans lequel ABBYY FineReader PDF 15 sera installé.
EXPLORER_INTEGRATION=0	Interdit l'intégration d'ABBYY FineReader PDF 15 dans l'explorateur Windows.
SHCTDESKTOP=0	Interdit la création d'une icône de bureau ABBYY FineReader PDF 15.
SSR_AUTORUN=0	Interdit le lancement d'ABBYY Screenshot Reader au démarrage du système.
DONT_ASK_ABOUT_DEFAULT=1	Interdit l'affichage des boîtes de dialogue ABBYY FineReader PDF 15 demandant si l'utilisateur souhaite définir l'application par défaut pour l'ouverture des fichiers *.PDF.
STATISTICS_ALLOWED=0	Interdit l'envoi d'informations concernant les paramètres d'ABBYY FineReader PDF 15 à ABBYY sur internet.
CHECK_UPDATES=0	Interdit la recherche des mises à jour.
INSTALL_UPDATES=0	Interdit le téléchargement et l'installation des mises à jour.
MARKETING_TIPS_ALLOWED=0	Interdit l'affichage des messages publicitaires.
SSR=0	Interdit l'installation d'ABBYY Screenshot Reader.
HF=0	Interdit l'installation d'ABBYY Hot Folder.

COMPARATOR=0	Interdit l'installation de la comparaison de documents ABBYY
SN=<serial number>	Spécifie le numéro de série pour l'activation automatique d'une licence par poste.
LIC_SERVER_NAME=<path>	Spécifie le chemin d'accès au serveur de licences.
ADMIN_SETUP=Serial/Server	<p>Crée un point d'installation administrative du type spécifié :</p> <p>ADMIN_SETUP=Serial</p> <p>Affiche une boîte de dialogue dans laquelle vous pouvez saisir le numéro de série pour l'activation automatique.</p> <p>ADMIN_SETUP=Server</p> <p>Affiche une boîte de dialogue dans laquelle vous pouvez saisir l'adresse du serveur de licences.</p> <p>Remarque : Le paramètre ADMIN_SETUP doit être commuté sur setup.exe uniquement par l'intermédiaire des touches « /a /v ».</p>
EULA_ACCEPTED=1	Supprime l'affichage du contrat de licence utilisateur final d'ABBYY FineReader PDF 15. Le CLUF et la politique de confidentialité seront considérés comme ayant été acceptés.

Ex. :

Setup.exe /qn /L1049 /v INSTALLDIR="C:\ABBYY FineReader PDF 15"

STATISTICS_ALLOWED=0

ABBYY FineReader PDF 15 sera installé dans C:\ABBYY FineReader PDF 15. Les menus, les boîtes de dialogue et les autres éléments d'interface seront en russe. Les informations concernant les paramètres sélectionnés dans ABBYY FineReader ne seront pas envoyées à ABBYY par Internet. L'ensemble des langues d'OCR disponibles dépend du type de package de distribution que vous possédez.

Désinstallation d'ABBYY FineReader PDF 15 en mode silencieux

Exécutez la commande suivante sur le poste de travail :

msiexec /x {Product Code},

et en fonction du type d'installation et de l'architecture de Windows, indiquez un des éléments suivants à la place de **{Product Code}** :

	x86	x64
Installation de base/complète	{F15000FE-0001-0000-0000-074957833700}	{F15000FE-0001-6400-0000-074957833700}
Installation SLE	{F15000BE-0001-0000-0000-074957833700}	{F15000BE-0001-6400-0000-074957833700}

Par ex. :

msiexec /x {F15000FE-0001-0000-0000-074957833700}

Utilisation d'Active Directory

La famille Microsoft Windows Server des systèmes d'exploitation comprend le service **Active Directory** (AD). La fonction **Stratégie de groupe** du composant **Installation du logiciel** de l'AD peut être utilisée pour installer le logiciel à distance sur plusieurs stations de travail à la fois.

Il existe trois méthodes d'installation dans Active Directory :

1. **Publier à l'utilisateur (non pris en charge)**
2. **Attribuer à l'utilisateur (non pris en charge)**
3. **Attribuer à l'ordinateur**

ABBYY FineReader peut uniquement être installé à l'aide de la méthode **Attribuer à l'ordinateur**.

Important ! L'installation de FineReader sur un poste de travail sera terminée une fois le poste de travail redémarré.

Exemple : déploiement d'ABBYY FineReader PDF 15 à l'aide d'Active Directory

L'exemple suivant illustre le déploiement sous Microsoft Windows Server 2012 R2.

- Créer un point d'installation administrative (voir [Installation administrative avec License Server et License Manager](#)^[10]) ou un point d'installation multi-utilisateurs (voir [Création d'un point d'installation administrative multi-utilisateurs](#)^[17]).

Remarque. Pour l'utilisation d'Active Directory dans le déploiement d'ABBYY FineReader PDF 15, les comptes des ordinateurs de domaines doivent avoir l'autorisation de lecture du dossier d'installation administrative.

- Démarrez la **console de gestion de stratégie du groupe (gpmc.msc)**.
- Dans l'arborescence de gauche, sélectionnez un site, un domaine ou toute autre unité organisationnelle contenant un ordinateur ou un groupe d'ordinateurs. FineReader sera installé sur ces ordinateurs.
- Cliquez avec le bouton droit sur le noeud d'arborescence que vous avez sélectionné et cliquez sur **Create a GPO ... and Link it here... (Créer un GPO... et Lier ici...)** sur le menu de raccourcis

5. Tapez un nom descriptif et cliquez sur **OK**.

6. Cliquez sur le bouton **Add...** (**Ajouter...**) dans le groupe **Security Filtering (Filtrage de sécurité)** et spécifiez les groupes contenant les ordinateurs sur lesquels vous souhaitez installer ABBYY FineReader PDF 15.

7. Cliquez avec le bouton droit sur l'Objet de stratégie du groupe (GPO) que vous avez créé et cliquez sur **Edit...(Modifier...)** dans le menu de raccourcis

8. Dans la boîte de dialogue **Group Policy Management Editor** (**Éditeur de gestion de stratégie du groupe**), cliquez sur **Computer Configuration > Policies > Software Settings > Software installation** (**Configuration de l'ordinateur > Stratégies > Paramètres logiciel > Installation logiciel**).

9. Cliquez sur **New > Package...** (**Nouveau > Package...**) dans le menu de raccourcis.

10. Spécifiez le chemin du réseau vers le fichier **ABBYY FineReader 15.msi** (lors de l'installation sur les systèmes 32 bits) ou le fichier **ABBYY FineReader 15 x64.msi** (lors de l'installaton sur les systèmes 64 bits). Ces fichiers sont localisés dans le dossier de distibution ABBYY FineReader PDF 15 sur le serveur.

11. Sélectionnez la méthode de déploiement **Avancée**.

12.Une boîte de dialogue s'ouvre. Si vous installez la version 32 bits, cliquez sur le bouton **Avancée** dans l'onglet **Déploiement** et veillez à désactiver l'option **Mettre cette application 32 bits X86 à disposition des machines Win64**.

13.Sélectionnez l'onglet **Modifications** et cliquez sur **Add...** (Ajouter...)

14.Sélectionnez le fichier de la langue d'interface désirée pour ABBYY FineReader PDF 15. Les fichiers de langue sont localisés dans le dossier d'installation administrative du serveur.

Noms des fichiers et langues correspondantes :

1026.mst Bulgare

1028.mst Chinois (traditionnel)

1029.mst Tchèque

1030.mst Danois

1031.mst Allemand

1032.mst Grec

1033.mst Anglais

1034.mst Espagnol

1036.mst Français

1038.mst Hongrois

1040.mst Italien

1041.mst Japonais

1042.mst Coréen

1043.mst Néerlandais

1045.mst Polonais

1046.mst Portugais (Brésilien)

1049.mst Russe

1051.mst Slovaque

1053.mst Suédois

1055.mst Turc

1058.mst Ukrainien

1066.mst Vietnamien

2052.mst Chinois (simplifié)

Ex. : pour installer ABBYY FineReader avec l'interface russe, sélectionnez **1049.mst**.

Utilisation de Microsoft System Center Configuration Manager (SCCM)

Microsoft System Center Configuration Manager permet autant que possible l'automatisation du déploiement distant du logiciel sur un réseau d'entreprise.

Le déploiement du logiciel à l'aide de SCCM se déroule en trois étapes :

1. Préparation d'ABBYY FineReader PDF 15 pour une installation automatisée (création d'une installation dite « sans assistance »).
2. Création d'un script de déploiement impliquant le choix des paramètres d'installation :
 - noms d'ordinateurs ;
 - date/heure de l'installation ;
 - conditions de l'installation.
3. Installation du logiciel sur les ordinateurs spécifiés par SCCM conformément aux paramètres d'installation spécifiés dans le script.

Exemple : Utilisation de SCCM pour déployer ABBYY FineReader PDF 15

Cet exemple illustre le processus de déploiement sur Microsoft Windows Server 2012 R2.

1. Créez un point d'installation administrative (voir [Installation administrative avec License Server et License Manager](#)^[10]) ou un point d'installation multi-utilisateurs (voir [Création d'un point d'installation administrative multi-utilisateurs](#)^[17]).
2. Démarrez la **Console administrateur SCCM** et sélectionnez la section **Bibliothèque de logiciels**.
3. Sélectionnez l'élément **Applications** dans le groupe Gestion d'application.

4. Cliquez avec le bouton droit sur l'élément **Applications** et cliquez sur **Créer application** dans le menu de raccourcis.

5. Dans la boîte de dialogue **Create Application Wizard (Assistant de création d'application)**, sélectionnez **Automatically Detect information about this application from installation files (Déetecter automatiquement les informations à propos de cette application depuis les fichiers d'installation)**. Sélectionnez **Windows Installer (fichier *.msi)** depuis la liste déroulante **Type**. Spécifiez le chemin d'accès au point d'installation administrative dans la boîte **Location (Emplacement)** et cliquez sur **Next (Suivant)**.

Remarque. La version 32 bits d'ABBYY FineReader PDF 15 ne peut pas être installée sur un système 64 bits. Il en va de même pour la version 64 bits sur un système 32 bits.

6. Spécifiez toute information requise à propos d'ABBYY FineReader PDF 15. N'appliquez aucune modification au champ **Programme d'installation**. Cliquez sur **Suivant**.

7. Vérifiez que l'installation a bien été créée et fermez l'Assistant de création de l'application.

8. Pour télécharger automatiquement les fichiers d'installation sur les postes de travail :
 - a. Cliquez avec le bouton droit sur l'application que vous avez créée et cliquez sur **Propriétés** dans le menu de raccourcis.

- b. Dans la boîte de dialogue qui s'ouvre, sélectionnez l'onglet **Paramètres de distribution** et activez l'option **Téléchargement automatique du contenu lorsque les packages sont attribués aux points de distribution**.

9. Paramètres recommandés :

Sur l'onglet **Types de déploiement**, sélectionnez l'installateur ABBYY FineReader 15 Windows et cliquez sur **Modifier**. Dans la boîte de dialogue Propriétés, sélectionnez l'onglet **Contenu** et définissez les **Options de déploiement** pour **Télécharger le contenu depuis les points de distribution et exécuter localement**.

10. Pour déployer l'application dans les postes de travail, cliquez avec le bouton droit et cliquez sur **Déployer** dans le menu de raccourcis. Sélectionnez la **Collection d'appareils** désirée dans **Collection**.

Remarque : Les installations des collections d'utilisateur ne sont pas prises en charge.

11. Complétez la suite du processus de déploiement comme d'habitude.

Installation d'ABBYY FineReader PDF 15 sur un serveur Terminal Server

Installation

Le déploiement d'ABBYY FineReader PDF 15 a été testé sur Citrix Workspace App 1808 et version ultérieure et Windows Server 2012 R2 et version ultérieure avec Windows Remote Desktop Services 7.0 (installation réalisée à l'aide de Windows RemoteApp et Citrix Workspace App). Ces deux solutions sont utilisables avec toutes les versions d'ABBYY FineReader PDF 15.

ABBYY FineReader PDF 15 ne prend pas en charge le flux continu d'applications (streaming).

Pour les licences **concomitantes** et **d'utilisateur distant** :

1. Procédez à l'installation administrative.

Vous pouvez installer License Server et License Manager sur n'importe quel ordinateur du réseau local.

Important ! Un serveur de licences doit être déployé sur une machine accessible par toutes les machines locales exécutant ABBYY FineReader PDF 15 à tout moment.

Remarque. Le serveur de licences peut être installé sur un serveur Terminal Server.

Voir [Installation administrative avec License Server et License Manager](#)¹⁰ pour plus d'informations.

2. Démarrez License Manager.
3. Ajoutez toutes vos licences dans License Manager.
4. Installez ABBYY FineReader PDF 15 sur le serveur Terminal Server à partir du dossier d'installation administrative.

ABBYY FineReader sera installé sur le serveur Terminal Server comme s'il s'agissait d'un poste de travail. Les utilisateurs auront la possibilité de se connecter au serveur et d'utiliser FineReader via un client.

Remarque. Si ABBYY Screenshot Reader est installé sur un serveur terminal et s'il est possible d'y accéder par Windows RemoteApp ou Citrix Workspace App, les utilisateurs ne seront en mesure d'effectuer que des captures d'écran dans des applications exécutées sur le serveur terminal.

Caractéristiques des licences concomitante et d'utilisateur distant

Le nombre de connexions concomitantes sera limité par les paramètres de la licence.

Remarque. Si un utilisateur démarre ABBYY Hot Folder ou toute autre application en package sans démarrer FineReader, une licence **Concomitante/Utilisateur distant** sera attribuée à l'utilisateur. Les mentions précédentes ne s'appliquent pas à ABBYY Screenshot Reader, car il ne nécessite pas le lancement d'une licence **concomitante/d'utilisateur distant**.

Exigences du système du serveur terminal

ABBYY FineReader PDF 15 a été testé avec les configurations du serveur terminal suivant :

1. Un ordinateur sous Microsoft Windows Server 2019, 2016, 2012 R2 (Remote Desktop, RemoteApp et Remote Desktop Web Access)
2. Citrix Workspace App 1808

Configuration de Windows RemoteApp

ABBYY FineReader PDF 15 peut être déployé à l'aide de RemoteApp. Les instructions suivantes détaillent comment installer RemoteApp sur le serveur Microsoft Windows Server 2012 R2.

Installez ABBYY FineReader PDF 15 sur le serveur.

Création d'une collection de session :

1. Ouvrez le **Gestionnaire de serveur** et cliquez sur **Services bureau à distance > Collections**.
2. Cliquez sur **TÂCHES > Créer une collection de sessions**.

3. Spécifiez un nom pour la collection.

4. Sélectionnez les serveurs qui exécuteront les applications.

5. Sélectionnez les groupes qui auront accès aux applications.

6. Spécifiez si vous souhaitez ajouter un **Disque profil utilisateur**.

7. Cliquez sur **Créer**.

Ajoutez ABBYY FineReader PDF 15 à la collection :

1. Ouvrez le **Gestionnaire de serveur** et cliquez sur **Services bureau à distance > Collection > [nom de la collection]**.

2. Cliquez sur **TÂCHES > Publier les programmes RemoteApp**

3. Sélectionnez ABBYY FineReader PDF 15 et cliquez sur **Suivant**.

4. Cliquez sur **Publier**.

Installation de Citrix Workspace App

Lors du déploiement d'ABBYY FineReader PDF 15 à l'aide de Citrix Workspace App, utilisez le scénario **Application installée et accessible depuis un serveur**.

Pour déployer ABBYY FineReader PDF 15 Corporate :

1. Installez FineReader sur tous les serveurs dans le groupe de livraison de la batterie de serveurs Citrix*.
2. Créez un serveur de licences pour ajouter un nombre suffisant de licences.

Remarque. Si un utilisateur démarre ABBYY Hot Folder ou toute autre application en package sans démarrer FineReader, une licence **Concomitante/Utilisateur distant** sera attribuée à l'utilisateur. Ce qui précède ne s'applique pas à ABBYY Screenshot Reader, car il ne nécessite pas le lancement d'une licence **concomitante/d'utilisateur distant**.

* Une batterie de serveurs représente un ensemble de serveurs Citrix regroupés afin de permettre une administration centralisée, l'équilibrage des charges et la tolérance de pannes.

Exemple : installation de Citrix Workspace App 1808

1. Ouvrez Citrix Studio.
2. Sélectionnez la batterie de serveurs dans laquelle vous souhaitez déployer ABBYY FineReader PDF 15.
3. Créez un groupe de livraison pour FineReader ou ajoutez FineReader à un groupe existant.

Pour créer un nouveau groupe de livraison :

1. Cliquez sur **Groupes de livraison > Créer groupe de livraison**.

2. À l'étape **Machines**, sélectionnez un Catalogue de machines depuis la liste et spécifiez le nombre de serveurs que vous souhaitez utiliser.

3. À l'étape **Utilisateurs**, spécifiez les utilisateurs qui auront accès au Groupe de livraison ou limitez le Groupe de livraison à des utilisateurs spécifiques.

4. À l'étape **Applications**, cliquez sur **Ajouter...** et sélectionnez les applications qui peuvent être démarrées dans le Groupe de livraison :

4.1.Depuis le menu Démarrer...

Sélectionnez ABBYY FineReader PDF 15 dans la liste. Si vous souhaitez que les utilisateurs aient accès à des applications en package sans démarrer d'abord FineReader, sélectionnez ces applications. Cliquez sur **OK**.

4.2.Manuellement...

Si plusieurs répertoires d'applications sont disponibles sur les serveurs sélectionnés, sélectionnez le répertoire avec ABBYY FineReader PDF 15 dans la boîte de dialogue **Répertoire de travail**. Sous **Chemin vers le fichier exécutable**, spécifiez le chemin vers FineReader.exe, puis spécifiez un nom d'application pour les utilisateurs et un autre pour les administrateurs. Cliquez sur **OK**.

- 4.3.Ajoutez les applications que vous souhaitez faire figurer dans le même Groupe de livraison qu'ABBYY FineReader PDF 15 et cliquez sur **Suivant**.

5. À l'étape **Bureaux**, ajoutez tous les bureaux qui seront desservis par le Groupe de livraison. Si vous ne souhaitez pas fournir l'accès aux bureaux, ignorez cette étape.
6. À l'étape **Résumé**, spécifiez un nom pour le Groupe de livraison sous **Nom du groupe de livraison** et une description sous **Description du groupe de livraison, utilisé en tant qu'étiquette dans Destinataire (facultatif)**. Complétez le processus de création du Groupe de livraison.

7. Sélectionnez le Groupe de livraison que vous venez de créer et cliquez sur **Modifier le groupe de livraison**. Dans la boîte de dialogue qui s'ouvre, sélectionnez l'onglet **Vitrine**, activez l'option **Utiliser automatiquement les serveurs Vitrine sélectionnés ci-dessous** et spécifiez les serveurs **Vitrine** du Groupe de livraison.

Pour ajouter ABBYY FineReader PDF 15 à un Groupe de livraison existant :

1. Sélectionnez le Groupe de livraison auquel vous souhaitez ajouter FineReader et cliquez sur **Ajouter des applications**.
2. En suivant le processus de l'étape 4, ajoutez ABBYY FineReader PDF 15 pour un nouveau Groupe de livraison.

Utiliser une stratégie de groupe pour configurer ABBYY FineReader PDF 15

L'administrateur peut désactiver des éléments de menu ou des options qui envoient des données par Internet. L'administrateur peut également modifier le comportement de ABBYY FineReader PDF 15. Les options suivantes sont disponibles :

Enable 'FineReader PDF Blog' menu item - Affiche l'option du menu **Aide > Blog FineReader PDF**

Enable 'Check for Updates' menu item - Affiche l'option du menu **Aide > Rechercher les mises à jour**

Enable 'Send Feedback' menu item – Affiche l'option du menu **Aide > Envoyer un commentaire**

Enable Usage Statistics - Permet au programme d'envoyer des données anonymes sur les paramètres et les statistiques d'utilisation d'ABBYY FineReader PDF 15 à ABBYY pour pouvoir l'améliorer dans le futur

Enable activation by user – Affiche l'élément de menu **Aide > Activer...** ainsi que la boîte de dialogue **Licences (Aide > À propos... > Infos sur la licence)**

Enable 'Register...' menu item - Affiche l'option du menu **Aide > Enregistrer...**

Enable 'Buy Full Version' – Affiche le bouton **Купить полную версию** dans le coin supérieur droit du programme

Enable loading marketing tips from the ABBYY servers - Permet le chargement de conseils et messages marketing d'ABBYY depuis les serveurs d'ABBYY

Automatically check for updates - Recherche automatiquement les mises à jour ABBYY FineReader PDF 15

Enable online help – Ouvre l'aide en ligne (seules certaines versions d'ABBYY FineReader bénéficient d'une aide hors ligne)

Enable working with FTP – Permet le traitement de fichiers provenant de dossiers situés sur le serveur FTP dans l'application ABBYY Hot Folder

Accept EULA and Privacy Policy on behalf of all group users - Ne pas demander aux utilisateurs d'accepter le CLUF et la Politique de confidentialité.

En utilisant cette stratégie de groupe, l'administrateur accepte le CLUF et la politique de confidentialité au nom de tous les utilisateurs du groupe.

Attention : il ne vous sera pas non plus demandé d'accepter les modifications apportées au CLUF et à la politique de confidentialité. Lors de l'installation des mises à jour du produit, la responsabilité de vérifier si de telles modifications sont présentes incombe à l'administrateur du groupe. En utilisant le produit mis à jour, vous acceptez les dernières versions du CLUF et de la Politique de confidentialité. Un administrateur de groupe peut révoquer son consentement dans les 10 jours suivant l'installation des dernières mises à jour en les désinstallant.

Prompt to make ABBYY FineReader 15 the default PDF application - Active les invites de la boîte de dialogue pour faire de ABBYY FineReader PDF 15 la visionneuse de fichiers PDF par défaut.

Enable 'Quick Start Guide' menu item – Affiche l'option du menu **Aide > Начало работы с программой**

Max number of CPU cores: N - Définit le nombre maximal de processeurs qui peuvent être utilisés par ABBYY FineReader PDF 15 (si vous sélectionnez N=0, aucune restriction n'est appliquée)

Period of inactivity (hrs) after which license will be lost: M - Annule la licence **concomitante/d'utilisateur distant** après M heures d'inactivité de l'utilisateur (si vous sélectionnez M=0, cette option est désactivée)

Note. Afin de modifier les paramètres ci-dessus, téléchargez les fichiers [FineReader15.admx](#) et [FineReader15.adml](#).

Configuration d'ABBYY FineReader PDF 15 sur une machine locale

1. Téléchargez les fichiers [FineReader15.admx](#) et [FineReader15.adml](#).
2. Placez le fichier **FineReader.admx** dans le dossier **%systemroot%\policyDefinitions** et le fichier **FineReader15.adml** dans le dossier **%systemroot%\policyDefinitions\en-US**.
3. Ouvrez la boîte de dialogue **Exécuter** (Win + R) et exécutez **gpedit.msc**.
La fenêtre **Éditeur de la stratégie de groupe locale** s'ouvrira.
4. Pour modifier votre stratégie de groupe, sélectionnez **Configuration utilisateur > Modèles administratifs > ABBYY FineReader PDF 15** et ouvrez la stratégie **Modifier les paramètres de FineReader 15**.

5. Cochez les paramètres concernés et cliquez sur **OK**.

6. Pour sauvegarder les modifications, mettez à jour les stratégies de groupe et relancez ABBYY FineReader PDF 15 sur votre poste de travail.

Note. Les paramètres configurés en utilisant Stratégie de groupe sont appliqués de façon générale à toutes les applications qui font partie de ABBYY FineReader PDF 15.

Configuration simultanée d'ABBYY FineReader PDF 15 sur tous les appareils du domaine

1. Téléchargez les fichiers [FineReader15.admx](#) et [FineReader15.adml](#).
2. Placez le fichier **FineReader.admx** dans le dossier **%systemroot%\sysvol\domain*\policies\PolicyDefinitions**, et le fichier **FineReader15.adml** dans le dossier **%systemroot%\sysvol\domain*\policies\PolicyDefinitions\en-us**.
* nom de domaine
3. Ouvrez la boîte de dialogue **Exécuter** (Win + R) et exécutez **gpmc.msc**.
La console **Gestion de la stratégie de groupe** s'ouvrira.
4. Créez un nouvel objet dans la stratégie de groupe Pour ce faire, ouvrez le menu de raccourcis du nœud **Objets de la stratégie de groupe** et sélectionnez **Nouveau**.
5. Entrez un nom pour votre stratégie de groupe et cliquez sur **OK**.
6. Développez le nœud **Objets de la stratégie de groupe**.

7. Ouvrez le menu de raccourcis de l'objet de la stratégie de groupe créé dans l'étape 4 et sélectionnez **Modifier**. La fenêtre **Éditeur de la gestion de la stratégie de groupe** s'ouvre.

8. Pour modifier une stratégie de groupe, sélectionnez **Configuration utilisateur > Stratégies > Modèles administratifs : Définitions de la stratégie (fichiers ADMX récupérés du magasin central) > ABBYY FineReader PDF 15** et ouvrir la stratégie **Modifier les paramètres de FineReader 15.**

9. Cochez les paramètres concernés et cliquez sur **OK**.

10. Pour enregistrer les modifications apportées, mettez à jour les stratégies de groupe et redémarrez ABBYY FineReader PDF 15 sur le poste de travail.

Note. Les paramètres configurés en utilisant Stratégie de groupe sont appliqués de façon générale à toutes les applications qui font partie de ABBYY FineReader PDF 15.

Mise à jour d'installation

Pour mettre à jour ABBYY FineReader PDF 15 sur les stations de travail, suivez les étapes suivantes :

1. Téléchargez les fichiers d'installation de la dernière version d'ABBYY FineReader PDF 15.
2. Installez ABBYY FineReader PDF 15 sur les stations de travail sans créer de point d'installation administrative. Vous pouvez suivre n'importe quelle méthode d'installation. À l'écran s'affiche le message [Installation d'ABBYY FineReader 15 sur les stations de travail en cours](#)^[18].

Remarque. La désinstallation de la version précédente d'ABBYY FineReader PDF 15 n'est pas obligatoire pour l'installation de la mise à jour.

Foire aux questions

Puis-je cloner un système d'exploitation sur lequel ABBYY FineReader PDF 15 est installé ?

Pour déployer ABBYY FineReader PDF 15, vous pouvez cloner votre système d'exploitation Microsoft Windows 8.1/10. Après avoir cloné votre OS, vous devrez activer ABBYY FineReader PDF 15. Une version non-activée d'ABBYY FineReader PDF 15 ne s'exécutera pas ou s'exécutera en mode d'évaluation selon votre version du produit. Certaines versions du produit s'activent automatiquement via internet sans demander la confirmation de l'utilisateur. Voir [Création d'un point d'installation administrative multi-utilisateurs](#)^[17] pour plus d'informations.

Important !

1. Le clonage est uniquement possible si vous n'avez pas encore exécuté ABBYY FineReader PDF 15 sur un ordinateur cloné.
Dans le cas contraire, vous devrez réparer ABBYY FineReader PDF 15 sur cet ordinateur. Voir [Comment puis-je réparer ABBYY FineReader PDF 15 sur les stations de travail](#)^[62] ?
2. Une fois votre SE cloné, vous devrez modifier son nom et son **Identificateur de sécurité (SID)**.
3. Les versions d'évaluation d'ABBYY FineReader PDF 15 peuvent être clonées.

Comment puis-je modifier les paramètres de connexion réseau ?

Vous pouvez modifier les paramètres de connexion utilisés pour les communications entre License Server, License Manager et les postes de travail.

1. Modifiez les paramètres suivants dans le fichier **NetworkLicenseServer.ini**, qui se trouve sur l'ordinateur où le serveur de licences est installé (%programfiles%\Common Files\ABBYY\FineReader\15\Licensing\).

- Protocole de connexion

Pour plus d'informations, reportez-vous à [Configuration du protocole de connexion](#)^[61].

- Port de connexion

Pour plus d'informations, reportez-vous à [Configuration du port de connexion](#)^[62].

Par exemple :

[Gestion des licences]

NetworkServer=yes

ConnectionProtocolType=TCP\IP

ConnectionEndpointName=81

Remarque : Assurez-vous que votre pare-feu n'empêche pas %programfiles%\Common Files\ABBYY\FineReader\15\Licensing\NetworkLicenseServer.exe d'accéder au port spécifié.

2. Procédez aux mêmes modifications sur le fichier **Licensing.ini** situé dans %programfiles%\Common Files\ABBYY\FineReader\15\Licensing\.
3. Copiez le fichier **Licensing.ini** dans le dossier License Manager sur tous les ordinateurs où License Manager est installé (par défaut, License Manager est installé dans %programfiles%\ABBYY FineReader PDF 15 License Server).

Important ! Pour que les modifications apportées soient effectives, vous devez redémarrer le service de gestion des licences ABBYY FineReader PDF 15.

4. Redémarrez le service de gestion des licences ABBYY FineReader PDF 15. Après le redémarrage, assurez-vous que License Manager fonctionne correctement.
5. Créez un [point d'installation administrative](#)^[13].

6. Copiez le fichier **Licensing.ini** mis à jour situé dans **%programfiles%\Common Files\ABBYY\FineReader\15\Licensing** dans le point d'installation administrative que vous venez de créer.

Par exemple :

D:\Temp\Admin15\ABBYY FineReader PDF 15

Admin15 est le dossier de l'installation administrative.

ABBYY FineReader PDF 15 est le sous-dossier contenant le fichier exécutable FineReader.exe.

Le fichier **Licensing.ini** doit être copié dans le sous-dossier ABBYY FineReader PDF 15.

7. Assurez-vous que le port concerné côté serveur est ouvert.
8. Réinstallez ABBYY FineReader PDF 15 sur les postes de travail à l'aide du point d'installation administrative créé à l'étape 5.

Configuration du protocole de connexion

Pour configurer le protocole de connexion, utilisez le paramètre **ConnectionProtocolType** contenu dans le fichier **NetworkLicenseServer.ini** situé dans **%programfiles%\Common Files\ABBYY\FineReader\15\Licensing**.

[Licensing]

ConnectionProtocolType=[TCP\IP | NAMED PIPES]

Ce paramètre vous permet de spécifier un protocole de réseau (TCP\IP) ou d'utiliser le protocole Named Pipes. Ces informations sont utilisées :

- par License Manager pour accéder à License Server
- par les postes de travail pour accéder à License Server lorsque ABBYY FineReader PDF 15 est en cours d'installation ou de réparation sur eux

Par défaut, le protocole **Named Pipes** est utilisé.

Configuration du port de connexion

Pour configurer le port de connexion, utilisez le paramètre **ConnectionEndpointName** contenu dans le fichier **NetworkLicenseServer.ini** situé dans %programfiles%\Common Files\ABBYY\FineReader\15\Licensing.

[Licensing]

ConnectionEndpointName=[numéro de port pour TCP\IP | nom de canal pour Named Pipes]

Le paramètre doit être au format suivant : **ConnectionEndpointName=\pipe**

Ce paramètre vous permet de spécifier le port pour le protocole de connexion ou le nom du canal pour Named Pipes. Ces informations sont utilisées :

- par License Manager pour accéder à License Server
- par les postes de travail pour accéder à License Server en cas d'installation ou de réparation de ABBYY FineReader PDF 15 sur ces postes.

Remarque : Ne modifiez pas le nom du canal nommé pour le protocole Named Pipes défini par le programme lors de l'installation de License Server. Par défaut, Named Pipes utilise le nom suivant : \pipe\ABBYY\FineReader Windows 15.0 Licensing Service.

Comment réparer ABBYY FineReader PDF 15 sur les postes de travail ?

Un accès à la distribution de l'installation peut être nécessaire pour la récupération du programme.

Réparation d'ABBYY FineReader PDF 15 en mode interactif

Sur le poste de travail, procédez comme suit :

1. Cliquez sur **Start > Control Panel (Démarrer > Panneau de configuration)**, sélectionnez **Programs and Features (Programmes et fonctionnalités)**.
2. Dans la liste des programmes installés, sélectionnez **ABBYY FineReader PDF 15** et cliquez sur **Change (Modifier)**.
3. Dans la boîte de dialogue **Program Maintenance (Maintenance du programme)** qui s'affiche, sélectionnez **Repair (Réparer)**, puis cliquez sur **Next (Suivant)**.
4. Suivez les instructions de l'Assistant.

Réparer ABBYY FineReader PDF 15 via la ligne de commande

Exécutez la commande suivante sur le poste de travail :

msiexec /f {Product Code},

et en fonction du type d'installation et de l'architecture de Windows, indiquez un des éléments suivants à la place de **{Product Code}** :

	x86	x64
Installation de base/complète	{F15000FE-0001-0000-0000-074957833700}	{F15000FE-0001-6400-0000-074957833700}
Installation SLE	{F15000BE-0001-0000-0000-074957833700}	{F15000BE-0001-6400-0000-074957833700}

Par ex. :

msiexec /f {F15000FE-0001-0000-0000-074957833700}

Comment puis-je renommer l'ordinateur hébergeant License Server ou déplacer License Server vers un autre ordinateur ?

Si vous déployez ABBYY FineReader sur le réseau local et si vous modifiez le nom de l'ordinateur hébergeant License Server ou si une erreur imprévue survient sur cet ordinateur, procédez comme suit :

1. Supprimez License Server de l'ordinateur sur lequel il est installé.

Remarque : si cet ordinateur n'est pas accessible, passez à l'étape 2.

1.1.Cliquez sur **Start > Control Panel (Démarrer > Panneau de configuration)**, sélectionnez **Programs and Features (Programmes et fonctionnalités)**.

1.2.Dans la liste des programmes installés, sélectionnez **ABBYY FineReader PDF 15 License Server** puis cliquez sur **Remove (Supprimer)**.

2. Installez License Server sur un ordinateur différent, par exemple : **\NewServer**.

3. Sur tous les ordinateurs sur lesquels License Manager est installé, modifiez ou ajoutez le paramètre

[Licensing]

NetworkServerName=<NOM DE L'ORDINATEUR> au fichier

%Program Files%\ABBYY FineReader PDF 15 License Server\LicenseManager.ini

Ce paramètre vous permet de spécifier le nom du serveur auquel License Manager doit accéder.

Par exemple, spécifiez

[Licensing]

NetworkServerName=MyComputerName

Important ! Pour que les modifications effectuées soient effectives, vous devez redémarrer ABBYY FineReader PDF 15 Licensing Service.

4. Ajoutez et activez vos licences dans ABBYY FineReader PDF 15 License Manager. Pour plus de détails, consultez le fichier d'aide d'ABBYY FineReader License Manager.

Remarque : Si vous utilisez des licences par siège, nous vous conseillons de restaurer le statut de vos licences avant de les ajouter dans le gestionnaire de licences.

5. Sur le point d'installation administrative, rendez-vous dans le dossier ABBYY FineReader PDF 15 et créez un fichier **Licensing.ini** dessus.

Le chemin d'accès du dossier d'installation administrative a été spécifié antérieurement, lors de la création du point d'installation administrative. Pour plus de détails, consultez [Création d'un point d'installation administrative](#)¹³.

6. Dans le fichier **Licensing.ini** que vous avez créé, ajoutez le paramètre **NetworkServerName** à la section **[Licensing]**. Ce paramètre définit le nom du serveur, par exemple :

[Licensing]

NetworkServerName=MyComputerName

7. Réinstallez ABBYY FineReader sur un poste de travail.

Pour plus de détails, voir [Installation d'ABBYY FineReader 15 sur des postes de travail](#)^[18]

8. Un fichier portant le nom <**NOM DE L'ORDINATEUR**>.ABBYY.LicServer sera créé. <NOM DE L'ORDINATEUR> est la valeur du paramètre **NetworkServerName**. Par exemple : MyComputerName.ABBYY.LicServer.

Copiez le fichier <**NOM DE L'ORDINATEUR**>.ABBYY.LicServer sur les autres postes de travail.

Vous pouvez trouver le fichier dans :

%programdata%\ABBYY\FineReader\15\Licenses si vous utilisez Windows 8.1 ou une version ultérieure.

Support technique

Si vous avez encore des questions concernant l'installation et l'utilisation d'ABBYY FineReader PDF 15 après avoir lu le présent Guide de l'administrateur système, contactez le service de support technique d'ABBYY ou les partenaires d'ABBYY. Pour trouver les coordonnées, consultez

.

Logiciel tiers

This document contains licenses and notices for open source software used in this product. With respect to the f

source software listed in this document, if you have any questions please contact us at legaloperations@abbyy.c

In your requests please include the following reference number "FR15 for Win, R9 – 30.09.2021"

v8

Copyright 2014 the V8 project authors. All rights reserved.

This license applies to all parts of V8 that are not externally maintained libraries. The externally maintained libraries used by V8 are:

- PCRE test suite, located in test/mjsunit/third_party/regexp-pcre/regexp-pcre.js. This is based on the test suite from PCRE-7.3, which is copyrighted by the University of Cambridge and Google, Inc. The copyright and license are embedded in regexp-pcre.js.
- Layout tests, located in test/mjsunit/third_party/object-keys. These are based on layout tests from webkit.org which are copyrighted by Apple Computer, Inc. and released under a 3-clause BSD license.
- Strongtalk assembler, the basis of the files assembler-arm-inl.h, assembler-arm.cc, assembler-arm.h, assembler-ia32-inl.h, assembler-ia32.cc, assembler-ia32.h, assembler-x64-inl.h, assembler-x64.cc, assembler-x64.h, assembler-mips-inl.h, assembler-mips.cc, assembler-mips.h, assembler.cc and assembler.h. This code is copyrighted by Sun Microsystems Inc. and released under a 3-clause BSD license.
- Valgrind client API header, located at src/third_party/valgrind/valgrind.h This is released under the BSD license.
- The Wasm C/C++ API headers, located at third_party/wasm-api/wasm.{h, hh} This is released under the Apache license. The API's upstream prototype implementation also formed the basi

of V8's implementation in `src/wasm/c-api.cc`.

These libraries have their own licenses; we recommend you read them, as their terms may differ from the terms

Further license information can be found in LICENSE files located in sub-directories.

SharePoint Server 2013 Client Components SDK

The Software accompanied by this documentation contains redistributable parts of SharePoint Server 2013 Client Components SDK.

© Microsoft Corporation. All rights reserved. Microsoft is either registered trademark or trademark of Microsoft Corporation in the United States and/or other countries. Licensed under the terms of Microsoft Software License Terms.

Export restrictions. The Microsoft Technologies are subject to United States export laws and regulations. The Developer must comply with all domestic and international export laws and regulations that apply to the Microsoft Technologies. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.

Microsoft Windows SDK for Windows 7

Portions utilize Microsoft Windows Media Technologies. Copyright (c) 2006 Microsoft Corporation. All Rights Reserved. Whereas the ABBYY Software incorporates this components or its parts, You agree to be bound by the following MICROSOFT SOFTWARE LICENSE TERMSMICROSOFT WINDOWS SOFTWARE DEVELOPMENT KIT FOR WINDOWS 7 and .NET FRAMEWORK 4, a copy of which is attached below for reference.

"These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you.

Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft updates, supplements, Internet-based services, and support services for this software, unless other terms accompany those items. If so, those

terms apply.BY USING THE SOFTWARE, YOU ACCEPT THESE TERMS. IF YOU DO NOT ACCEPT THEM, DO NOT USE THE SOFTWARE. If you comply with these license terms, you have the rights below.

1. INSTALLATION AND USE RIGHTS.

a. Installation and Use. You may install and use any number of copies of the software on your devices to design, develop and test your programs that run on a Microsoft Windows operating system. Further, you may install, use and/or deploy via a network management system or as part of a desktop image, any number of copies of the software on computer devices within your internal corporate network to design, develop and test your programs that run on a Microsoft Windows operating system. Each copy must be complete, including all copyright and trademark notices. You must require end users to agree to the terms that protect the software as much as these License terms.

b. Included Microsoft Programs. The software contains other Microsoft programs. These license terms apply to your use of those programs.

2. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

a. Distributable Code. The software contains code that you are permitted to distribute in programs you develop if you comply with the terms below.

i. Right to Use and Distribute. The code and text files listed below are "Distributable Code."

REDIST.TXT Files. You may copy and distribute the object code form of code listed in REDIST.TXT files, plus any files listed on the REDIST list located at <http://go.microsoft.com/fwlink/?LinkID=185268&clcid=0x409>.

Sample Code. You may modify, copy, and distribute the source and object code form of code marked as "sample." Sample Code for Microsoft Bing Maps AJAX Control. The software contains sample code that makes use of the Bing Maps AJAX Control. Your use and access of the Bing Maps AJAX Control is subject to the "Microsoft Bing Maps Platform API's Terms of Use" which is located at:

<http://go.microsoft.com/fwlink/?LinkID=185267&clcid=0x409>.

Microsoft Merge Modules. You may copy and distribute the unmodified output of Microsoft Merge Modules.

Third Party Distribution. You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs.

ii. Distribution Requirements.

For any Distributable Code you distribute, you must add significant primary functionality to it in your programs;

- for any Distributable Code having a filename extension of .lib, distribute only the results of running such Distributable Code through a linker with your application;
- distribute Distributable Code included in a setup program only as part of that setup program without modification;
- require distributors and external end users to agree to terms that protect it at least as much as this agreement;
- display your valid copyright notice on your programs;
- for Distributable Code from the Windows Media Services SDK portions of the software, include in your program's Help-About box (or in another obvious place if there is no box) the following copyright notice: " Portions utilize Microsoft Windows Media Technologies. Copyright (c) 2006 Microsoft Corporation. All Rights Reserved";
- and indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your programs.

iii. Distribution Restrictions. You may not alter any copyright, trademark or patent notice in the Distributable Code; use Microsoft's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Microsoft; distribute Distributable Code to run on a platform other than the Windows platform; include Distributable Code in malicious, deceptive or unlawful programs; or modify or distribute the source code of any Distributable Code so that any part of it

becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that the code be disclosed or distributed in source code form; or others have the right to modify it.

b. Additional Functionality. Microsoft may provide additional functionality for the software. Other license terms and fees may apply.

3. INTERNET-BASED SERVICES. Microsoft provides Internet-based services with the software. It may change or cancel them at any time. You may not use this service in any way that could harm it or impair anyone else's use of it. You may not use the service to try to gain unauthorized access to any service, data, account or network by any means.

4. Scope of License. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. For more information, see www.microsoft.com/licensing/userrights
<http://www.microsoft.com/licensing/userrights>.

You may not work around any technical limitations in the software; reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation; make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation; publish the software for others to copy; rent, lease or lend the software; or use the software for commercial software hosting services.

5. BACKUP COPY. You may make one backup copy of the software. You may use it only to reinstall the software.

6. DOCUMENTATION. Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.

7. TRANSFER TO A THIRD PARTY. The first user of the software may transfer it, and this agreement, directly to a third party. Before the transfer, that party must agree that this agreement applies to the transfer and use of the software. The first user must uninstall the software before transferring it separately from the device. The first user may not retain any copies.

8. Export Restrictions. The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.

9. SUPPORT SERVICES. Because this software is "as is," we may not provide support services for it.

10. Entire Agreement. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.

11. Applicable Law.

a. United States. If you acquired the software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort.

b. Outside the United States. If you acquired the software in any other country, the laws of that country apply.

12. Legal Effect. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so.

13. Disclaimer of Warranty. The software is licensed "as-is." You bear the risk of using it. Microsoft gives no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this agreement cannot change. To the extent permitted under your local laws, Microsoft excludes the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

14. Limitation on and Exclusion of Remedies and Damages. You can recover from Microsoft and its suppliers only direct damages up to U.S. \$5.00. You cannot recover any other damages, including consequential, lost profits, special, indirect or incidental damages. This limitation applies to anything related to the software, services, content (including code) on third party Internet sites, or third party programs; and claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law. It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages".

libjpeg-turbo (for PDFium), libjpeg

* Copyright (C) 1991-1997, Thomas G. Lane.

* libjpeg-turbo Modifications:

* Copyright (C) 2019, D. R. Commander.

This software is based in part on the work of the Independent JPEG Group. The IJG (Independent JPEG Group) License applies to the libjpeg API library and associated programs (any code inherited from libjpeg, and any modifications to that code.)

This software is copyright (C) 1991-2020, Thomas G. Lane, Guido Vollbeding.

All Rights Reserved except as specified below.

This software is the work of Tom Lane, Guido Vollbeding, Philip Gladstone, Bill Allombert, Jim Boucher, Lee Crocker, Bob Friesenhahn, Ben Jackson, Julian Minguillon, Luis Ortiz, George Phillips, Davide Rossi, Ge' Weijers, and other members of the Independent JPEG Group.

LEGAL ISSUES

=====

In plain English:

1. We don't promise that this software works. (But if you find any bugs, please let us know!)
2. You can use this software for whatever you want. You don't have to pay us.
3. You may not pretend that you wrote this software. If you use it in a program, you must acknowledge somewhere in your documentation that you've used the IJG code.

In legalese:

The authors make NO WARRANTY or representation, either express or implied, with respect to this software, its quality, accuracy, merchantability, or fitness for a particular purpose. This software is provided "AS IS", and you, its user, assume the entire risk as to its quality and accuracy.

This software is copyright (C) 1991-2020, Thomas G. Lane, Guido Vollbeding.

All Rights Reserved except as specified below.

Permission is hereby granted to use, copy, modify, and distribute this software (or portions thereof) for any purpose, without fee, subject to these conditions:

- (1) If any part of the source code for this software is distributed, then this README file must be included, with this copyright and no-warranty notice unaltered; and any additions, deletions, or changes to the original files must be clearly indicated in accompanying documentation.
- (2) If only executable code is distributed, then the accompanying documentation must state that "this software is based in part on the work of the Independent JPEG Group".
- (3) Permission for use of this software is granted only if the user accepts full responsibility for any undesirable consequences; the authors accept NO LIABILITY for damages of any kind.

These conditions apply to any software derived from or based on the IJG code, not just to the unmodified library. If you use our work, you ought to acknowledge us.

Permission is NOT granted for the use of any IJG author's name or company name in advertising or publicity relating to this software or products derived from

it. This software may be referred to only as "the Independent JPEG Group's software".

We specifically permit and encourage the use of this software as the basis of commercial products, provided that all warranty or liability claims are assumed by the product vendor.

The Modified (3-clause) BSD License. This license covers the TurboJPEG API library and associated programs, as well as the build system.

Copyright (C)2009-2020 D. R. Commander. All Rights Reserved. Copyright (C)2015 Viktor Szathmáry. All Rights Reserved.

Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:

Redistributions of source code must retain the above copyright notice, this list of conditions and the following disclaimer.

Redistributions in binary form must reproduce the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution. Neither the name of the libjpeg-turbo Project nor the names of its contributors may be used to endorse or promote products derived from this software without specific prior written permission.

THIS SOFTWARE IS PROVIDED BY THE COPYRIGHT HOLDERS AND CONTRIBUTORS "AS IS", AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL THE COPYRIGHT HOLDERS OR CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

The zlib License. This license is a subset of the other two, and it covers the libjpeg-turbo SIMD extensions.

The ZLIB software is provided 'as-is', without any express or implied warranty. In no event will the authors be held liable for any damages arising from the use of this software.

Permission is granted to anyone to use this software for any purpose, including commercial applications, and to alter it and redistribute it freely, subject to the following restrictions:

1. The origin of this software must not be misrepresented; you must not claim that you wrote the original software. If you use this software in a product, an acknowledgment in the product documentation would be appreciated but is not required.
2. Altered source versions must be plainly marked as such, and must not be misrepresented as being the original software.
3. This notice may not be removed or altered from any source distribution.

and with the following additions to the disclaimer:

There is no warranty against interference with your enjoyment of the library or against infringement. There is no warranty that our efforts or the library will fulfill any of your particular purposes or needs. This library is provided with all faults, and the entire risk of satisfactory quality, performance, accuracy, and effort is with the user.

Some files in the "contrib" directory and some configure-generated files that are distributed with libpng have other copyright owners, and are released under other open source licenses.

The PNG Reference Library is supplied "AS IS". The Contributing Authors and Group 42, Inc. disclaim all warranties, expressed or implied, including, without limitation, the warranties of merchantability and of fitness for any purpose. The Contributing Authors and Group 42, Inc. assume no liability for direct, indirect, incidental, special, exemplary, or consequential damages, which may result from the use of the PNG Reference Library, even if advised of the possibility of such damage.

Permission is hereby granted to use, copy, modify, and distribute this source code, or portions hereof, for any purpose, without fee, subject to the following restrictions:

1. The origin of this source code must not be misrepresented.
2. Altered versions must be plainly marked as such and must not be misrepresented as being the original source.
3. This Copyright notice may not be removed or altered from any source or altered source distribution.

The Contributing Authors and Group 42, Inc. specifically permit, without fee, and encourage the use of this source code as a component to supporting the PNG file format in commercial products. If you use this source code in a product, acknowledgment is not required but would be appreciated.

This software is provided by the copyright holders and contributors "as is" and any express or implied warranties, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose are disclaimed. In no event shall copyright holders or contributors be liable for any direct, indirect, incidental, special, exemplary, or consequential damages (including, but not limited to, procurement of substitute goods or services; loss of use, data, or profits; or business interruption) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of this software, even if advised of the possibility of such damage.

Intel® Integrated Performance Primitives (Intel® IPP) Library 2020

Copyright (c) 2020 Intel Corporation.

Intel Simplified Software License (Version February 2020)

Copyright (c) 2020 Intel Corporation.

Use and Redistribution. You may use and redistribute the software (the "Software"), without modification, provided the following conditions are met:

Redistributions must reproduce the above copyright notice and the following terms of use in the Software and in the documentation and/or other materials provided with the distribution.

Neither the name of Intel nor the names of its suppliers may be used to endorse or promote products derived from this Software without specific prior written permission.

No reverse engineering, decompilation, or disassembly of this Software is permitted.

Limited patent license. Intel grants you a world-wide, royalty-free, non-exclusive license under patents it now or hereafter owns or controls to make, have made, use, import, offer to sell and sell ("Utilize") this Software, but solely to the extent that any such patent is necessary to Utilize the Software alone.

The patent license shall not apply to any combinations which include this software. No hardware per se is licensed hereunder.

Third party programs. The Software may contain Third Party Programs. "Third Party Programs" are third party software, open source software or other Intel software listed in the "third-party-programs.txt" or other similarly named text file that is included with the Software. Third Party Programs, even if included with the distribution of the Software, may be governed by separate license terms, including without limitation, third party license terms, open source software notices and terms, and/or other Intel software license terms. These separate license terms may govern your use of the Third Party Programs.

DISCLAIMER. THIS SOFTWARE IS PROVIDED "AS IS" AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE DISCLAIMED. THIS SOFTWARE IS NOT INTENDED FOR USE IN SYSTEMS OR APPLICATIONS WHERE FAILURE OF THE SOFTWARE MAY CAUSE PERSONAL INJURY OR DEATH AND YOU AGREE THAT YOU ARE FULLY RESPONSIBLE FOR ANY CLAIMS, COSTS, DAMAGES, EXPENSES, AND ATTORNEYS' FEES ARISING OUT OF ANY SUCH USE, EVEN IF ANY CLAIM ALLEGES THAT INTEL WAS NEGLIGENT REGARDING THE DESIGN OR MANUFACTURE OF THE MATERIALS.

LIMITATION OF LIABILITY. IN NO EVENT WILL INTEL BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. YOU AGREE TO INDEMNIFY AND HOLD INTEL HARMLESS AGAINST ANY CLAIMS AND EXPENSES RESULTING FROM YOUR USE OR UNAUTHORIZED USE OF THE SOFTWARE.

No support. Intel may make changes to the Software, at any time without notice, and is not obligated to support, update or provide training for the Software.

Termination. Intel may terminate your right to use the Software in the event of your breach of this Agreement and you fail to cure the breach within a reasonable period of time.

Feedback. Should you provide Intel with comments, modifications, corrections, enhancements or other input ("Feedback") related to the Software Intel will be free to use, disclose, reproduce, license or otherwise distribute or exploit the Feedback in its sole discretion without any obligations or restrictions of any kind, including without limitation, intellectual property rights or licensing obligations.

Compliance with laws. You agree to comply with all relevant laws and regulations governing your use, transfer, import or export (or prohibition thereof) of the Software.

Governing law. All disputes will be governed by the laws of the United States of America and the State of Delaware without reference to conflict of law principles and subject to the exclusive jurisdiction of the state or federal courts sitting in the State of Delaware, and each party agrees that it submits to the personal jurisdiction and venue of those courts and waives any objections. The United Nations Convention on Contracts for the International Sale of Goods (1980) is specifically excluded and will not apply to the Software.

*Other names and brands may be claimed as the property of others.

Intel Math Kernel Library 2018

Intel Simplified Software License (Version April 2018)

Copyright (c) 2018 Intel Corporation.

Use and Redistribution. You may use and redistribute the software (the "Software"), without modification, provided the following conditions are met:

* Redistributions must reproduce the above copyright notice and the following terms of use in the Software and in the documentation and/or other materials provided with the distribution.

* Neither the name of Intel nor the names of its suppliers may be used to endorse or promote products derived from this Software without specific prior written permission.

* No reverse engineering, decompilation, or disassembly of this Software is permitted.

Limited patent license. Intel grants you a world-wide, royalty-free, non-exclusive license under patents it now or hereafter owns or controls to make, have made, use, import, offer to sell and sell ("Utilize") this Software, but solely to the extent that any such patent is necessary to Utilize the Software alone. The patent license shall not apply to any combinations which include this software. No hardware per se is licensed hereunder.

Third party and other Intel programs. "Third Party Programs" are the files listed in the "third-party-programs.txt" text file that is included with the Software and may include Intel programs under separate license terms. Third Party Programs, even if included with the distribution of the Materials, are governed by separate license terms and those license terms solely govern your use of those programs.

DISCLAIMER. THIS SOFTWARE IS PROVIDED "AS IS" AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE DISCLAIMED. THIS SOFTWARE IS NOT INTENDED FOR USE IN SYSTEMS OR APPLICATIONS WHERE FAILURE OF THE SOFTWARE MAY CAUSE PERSONAL INJURY OR DEATH AND YOU AGREE THAT YOU ARE FULLY RESPONSIBLE FOR ANY CLAIMS, COSTS, DAMAGES, EXPENSES, AND ATTORNEYS' FEES ARISING OUT OF ANY SUCH USE, EVEN IF ANY CLAIM ALLEGES THAT INTEL WAS NEGLIGENT REGARDING THE DESIGN OR MANUFACTURE OF THE MATERIALS.

LIMITATION OF LIABILITY. IN NO EVENT WILL INTEL BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. YOU AGREE TO INDEMNIFY AND HOLD INTEL HARMLESS AGAINST ANY CLAIMS AND EXPENSES RESULTING FROM YOUR USE OR UNAUTHORIZED USE OF THE SOFTWARE.

No support. Intel may make changes to the Software, at any time without notice, and is not obligated to support, update or provide training for the Software.

Termination. Intel may terminate your right to use the Software in the event of your breach of this Agreement and you fail to cure the breach within a reasonable period of time.

Feedback. Should you provide Intel with comments, modifications, corrections, enhancements or other input ("Feedback") related to the Software Intel will be free to use, disclose, reproduce, license or otherwise distribute or exploit the Feedback in its sole discretion without any obligations or restrictions of any kind, including without limitation, intellectual property rights or licensing obligations.

Compliance with laws. You agree to comply with all relevant laws and regulations governing your use, transfer, import or export (or prohibition thereof) of the Software.

Governing law. All disputes will be governed by the laws of the United States of America and the State of Delaware without reference to conflict of law principles and subject to the exclusive jurisdiction of the state or federal courts sitting in the State of Delaware, and each party agrees that it submits to the

personal jurisdiction and venue of those courts and waives any objections. The United Nations Convention on Contracts for the International Sale of Goods (1980) is specifically excluded and will not apply to the Software.

*Other names and brands may be claimed as the property of others.

MICROSOFT XML CORE SERVICES (MSXML) 6.0

The Software accompanied by this documentation addresses parts of MICROSOFT XML CORE SERVICES (MSXML) 6.0.

© Microsoft Corporation. All rights reserved. Microsoft is either registered trademark or trademark of Microsoft Corporation in the United States and/or other countries. Licensed under the terms of Microsoft Software License Terms.

Export restrictions. The Microsoft Technologies are subject to United States export laws and regulations. The Developer must comply with all domestic and international export laws and regulations that apply to the Microsoft Technologies. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.

Portions of this software contain Microsoft software: MICROSOFT SOFTWARE LICENSE TERMS MICROSOFT XML CORE SERVICES (MSXML) 6.0 which license terms are given below.

"...They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft updates, supplements, Internet-based services, and support services for this software, unless other terms accompany those items. If so, those terms apply. By using the software, you accept these terms. If you do not accept them, do not use the software. If you comply with these license terms, you have the rights below.

1. INSTALLATION AND USE RIGHTS. You may install and use any number of copies of the software on your devices.

2. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

a. Distributable Code. You are permitted to distribute the software in programs you develop if you comply with the terms below.

i. Right to Use and Distribute. The software is "Distributable Code." Distributable Code. You may copy and distribute the object code form of the software. You may not modify the software, and your programs must include a complete copy of the software, including set-up. Third Party Distribution. You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs.

ii. Distribution Requirements. For any Distributable Code you distribute, you must add significant primary functionality to it in your programs; require distributors to agree to terms that protect it at least as much as this agreement; display your valid copyright notice on your programs; and indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your programs.

iii. Distribution Restrictions. You may not alter any copyright, trademark or patent notice in the Distributable Code; use Microsoft's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Microsoft; distribute Distributable Code to run on a platform other than the Windows platform; or include Distributable Code in malicious, deceptive or unlawful programs.

3. Scope of License. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. For more information, see www.microsoft.com/licensing/userrights. You may not disclose the results of any benchmark tests of the software to any third party without Microsoft's prior written approval; work around any technical limitations in the software; reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation; make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation; publish the software for others to copy; rent, lease or lend the software; or use the software for commercial software hosting services.

4. BACKUP COPY. You may make one backup copy of the software. You may use it only to reinstall the software.

5. DOCUMENTATION. Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.

6. TRANSFER TO A THIRD PARTY. The first user of the software may transfer it and this agreement directly to a third party. Before the transfer, that party must agree that this agreement applies to the transfer and use of the software. The first user must uninstall the software before transferring it separately from the device. The first user may not retain any copies.

7. Export Restrictions. The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.

8. SUPPORT SERVICES. Because this software is "as is," we may not provide support services for it. 9. Entire Agreement. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.

10. Applicable Law.

a. United States. If you acquired the software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort.

b. Outside the United States. If you acquired the software in any other country, the laws of that country apply.

11. Legal Effect. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the

software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so.

12. Disclaimer of Warranty. The software is licensed "as-is." You bear the risk of using it. Microsoft gives no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this agreement cannot change. To the extent permitted under your local laws, Microsoft excludes the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

13. Limitation on and Exclusion of Remedies and Damages. You can recover from Microsoft and its suppliers only direct damages up to U.S. \$5.00. You cannot recover any other damages, including consequential, lost profits, special, indirect or incidental damages. This limitation applies to anything related to the software, services, content (including code) on third party Internet sites, or third party programs; and claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law. It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages".

Datalogics Software and Adobe Products (Adobe PDF Library and Adobe Color Profile)

© 2000-2012 Datalogics, Inc.

Datalogics®, The DL Logo®, PDF2IMG™ and DLE™ are trademarks of Datalogics, Inc.

© 1984-2012 Adobe Systems Incorporated and its licensors. All rights reserved.

Powered by Adobe PDF Library logo, Reader® are either registered trademarks or trademarks of Adobe Systems Incorporated in the United States and/or other countries.

The Datalogics Software and Adobe Products incorporated into the SOFTWARE are owned by Datalogics, Adobe and third parties and their suppliers, and their structure, organization and code are the valuable trade secrets of Datalogics, Adobe and third parties and their suppliers. The Datalogics Software and Adobe Products are also protected by United States Copyright law and International Treaty provisions. You may not copy the Datalogics Software and Adobe Products, except as provided in this EULA.

Export Rules. You agree that the Datalogics Software and Adobe Products will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations (collectively the "Export Laws"). In addition, if the Software Datalogics and Adobe Products are identified as export-controlled items under the Export Laws, you represent and warrant that you are not a citizen, or otherwise located within, an embargoed nation and that you are not otherwise prohibited under the Export Laws from receiving the Datalogics Software and Adobe Products

- (i) "For acquisition by or on behalf of civilian agencies, as necessary to obtain protection substantially equivalent to that afforded to restricted computer software and related documentation developed at private expense and which is existing computer software no part of which was developed with government funds and provided with Restricted Rights in accordance with subparagraphs (a) through (d) of the 'Commercial Computer Software - Restricted Rights' clause at 48 C.F.R. 52.227-19 of the Federal Acquisitions Regulations ("FAR") and its successors;"
- (ii) "For acquisition by or on behalf of units of the Department of Defense ("DoD") as necessary to obtain protection substantially equivalent to that afforded to commercial computer software and related documentation developed at private expense and provide with Restricted Rights as defined in DoD FAR Supplement 48 C.F.R. 252.227-7013(c)(1)(ii) and its successors in effect for all solicitations and resulting contracts issued on or after May 18, 1987."

The term " Datalogics Software and Adobe Products" means Datalogics Software and third party products (including Adobe Products) and related documentation, and any upgrades, modified versions, updates, additions, and copies thereof.

You acknowledge and agree that third party licensors are the owners of certain proprietary information and intellectual property rights included in the Host Products and the Documentation. Such third party licensors are third party beneficiaries entitled to enforce ABBYY's rights and your obligations hereunder and to seek appropriate legal and equitable remedies, including but not limited to, damages and injunctive relief, for your breach of such obligations.

License Grant and Restrictions. ABBYY grants you a non-exclusive right to use the Datalogics Software and Adobe Products under the terms of this EULA. You may make one backup copy of the Datalogics Software and Adobe Products, provided the backup copy is not installed or used on any computer.

Intellectual Property Rights. The Datalogics Software and Adobe Products incorporated into the SOFTWARE are owned by Datalogics, Adobe and third parties and their suppliers, and their structure,

organization and code are the valuable trade secrets of Datalogics, Adobe and third parties and their suppliers. The Datalogics Software and Adobe Products are also protected by United States Copyright law and International Treaty provisions. You may not copy the Datalogics Software and Adobe Products, except as provided in this EULA. Any copies that you are permitted to make pursuant to this EULA must contain the same copyright and other proprietary notices that appear on or in the Datalogics Software and Adobe Products. You agree not to modify, adapt, translate, reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of the Datalogics Software and Adobe Products. Except as stated above, this EULA does not grant you any intellectual property rights in the Datalogics Software and Adobe Products.

Font License. You may embed copies of the font software into your electronic documents for purpose of printing, viewing and editing the document. No other embedding rights are implied or permitted under this license.

Warranty. ABBYY AND ITS SUPPLIERS DO NOT AND CANNOT WARRANT THE PERFORMANCE RESULTS YOU MAY OBTAIN BY USING THE SOFTWARE.

=====

=
This product includes cryptographic software written by Eric Young (eay@cryptsoft.com). This product includes software written by Tim Hudson (tjh@cryptsoft.com).

Original SSLeay License

Copyright (C) 1995-1998 Eric Young (eay@cryptsoft.com)
All rights reserved.

This package is an SSL implementation written by Eric Young (eay@cryptsoft.com).

The implementation was written so as to conform with Netscapes SSL.

This library is free for commercial and non-commercial use as long as the following conditions are adhered to. The following conditions apply to all code found in this distribution, be it the RC4, RSA, Ihash, DES, etc., code; not just the SSL code. The SSL documentation included with this distribution is covered by the same copyright terms except that the holder is Tim Hudson (tjh@cryptsoft.com).

Copyright remains Eric Young's, and as such any Copyright notices in the code are not to be removed. If this package is used in a product, Eric Young should be given attribution as the author of the parts of the library used. This can be in the form of a textual message at program startup or in documentation (online or textual) provided with the package.

Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:

1. Redistributions of source code must retain the copyright notice, this list of conditions and the following disclaimer.
2. Redistributions in binary form must reproduce the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution.

3. All advertising materials mentioning features or use of this software must display the following acknowledgement:

"This product includes cryptographic software written by Eric Young (eay@cryptsoft.com)"

The word 'cryptographic' can be left out if the routines from the library being used are not cryptographic related :-).

4. If you include any Windows specific code (or a derivative thereof) from the apps directory (application code) you must include an acknowledgement:

"This product includes software written by Tim Hudson (tjh@cryptsoft.com)"

THIS SOFTWARE IS PROVIDED BY ERIC YOUNG ``AS IS'' AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL THE AUTHOR OR CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

The licence and distribution terms for any publically available version or derivative of this code cannot be changed. i.e. this code cannot simply be copied and put under another distribution licence [including the GNU Public Licence.]

MD4 message digest algorithm reference implementation

RSA Data Security, Inc. MD4 Message-Digest Algorithm

/* Copyright (C) 1990-2, RSA Data Security, Inc. All rights reserved.

License to copy and use this software is granted provided that it is identified as the "RSA Data Security, Inc. MD4 Message-Digest Algorithm" in all material mentioning or referencing this software or this function. License is also granted to make and use derivative works provided that such works are identified as "derived from the RSA Data

Security, Inc. MD4 Message-Digest Algorithm" in all material mentioning or referencing the derived work. RSA Data Security, Inc. makes no representations concerning either the merchantability of this software or the suitability of this software for any particular purpose. TWAIN Toolkit, TWAIN header

Whereas the ABBYY SDK incorporates TWAIN toolkit, the Developer agrees to be bound by the following provisions and to include them in (i) the header or similar file in Application and (ii) prominently in its documentation:

The TWAIN Toolkit is distributed as is. The developer and distributors of the TWAIN Toolkit expressly disclaim all implied, express or statutory warranties including, without limitation, the implied warranties of merchantability, noninfringement of third party rights and fitness for a particular purpose. Neither the developers nor the distributors will be liable for damages, whether direct, indirect, special, incidental, or consequential, as a result of the reproduction, modification, distribution or other use of the TWAIN Toolkit.

PDF-XChange

PDF-XChange Standard (c) 2001-2013 by Tracker Software Products Ltd.

ABBYY grants You a non-exclusive right to use PDF- XChange incorporated into the SOFTWARE under the terms of this EULA.

You may make one backup copy of PDF- XChange incorporated into the SOFTWARE, provided the backup copy is not installed or used on any computer.

Intellectual Property Rights. PDF-XChange incorporated into the SOFTWARE is owned by Tracker Software Products Ltd and its suppliers, and its structure, organization and code are the valuable trade secrets of Tracker Software Products Ltd and its suppliers. PDF- XChange is also protected by United States Copyright Law and International Treaty provisions. You may not copy the PDF- XChange Software incorporated into the SOFTWARE, except as provided in this EULA.

Any copies that You are permitted to make pursuant to this EULA must contain the same copyright and other proprietary notices that appear on or in the SOFTWARE. You agree not to modify, adapt, translate, reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of PDF- XChange incorporated into the SOFTWARE.

Except as stated above, this EULA does not grant You any intellectual property rights in PDF-XChange.

Export Rules. You agree that PDF-XChange incorporated into the SOFTWARE will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations (collectively the "Export Laws"). In addition, if PDF-XChange incorporated into the SOFTWARE is identified as export controlled items under the Export Laws, You represent and warrant that You are not a citizen, or otherwise located within, an embargoed nation and that You are not otherwise prohibited under the Export Laws from

receiving PDF-XChange incorporated into the SOFTWARE.

All rights to use PDF-XChange incorporated into the SOFTWARE are granted on condition that such rights are forfeited if You fail to comply with the terms of this EULA.

Trademarks. PDF-XChange Drivers are either registered trademarks or trademarks of Tracker Software Products Ltd in the United Kingdom, Canada and/or other countries.

Microsoft Universal CRT Library

The technologies of Microsoft Corporation or their parts (hereinafter referred to as the "Microsoft Technologies") listed hereof are used in the SOFTWARE. The Microsoft Technologies are distributed under the Microsoft Software License Terms accompanying the Microsoft Technologies.

Technologies of Microsoft Corporation used in the SOFTWARE:

- Microsoft Universal CRT Library.

© Microsoft Corporation. All rights reserved. Microsoft is either registered trademark or trademark of Microsoft Corporation in the United States and/or other countries.

The Microsoft Technologies are licensed, not sold. This EULA only gives You some rights to use the Microsoft Technologies. Microsoft reserves all other rights. Unless applicable law gives You more rights despite this limitation, You may use the Microsoft Technologies only as expressly permitted in the Microsoft Software License Terms and in this EULA. In doing so, You must comply with any technical limitations in the Microsoft Technologies that only allow You to use it in certain ways. You may not:

- * Except for the Microsoft .NET Framework, you must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the Microsoft Technologies.

- *work around any technical limitations in the Microsoft Technologies;

- *reverse engineer, decompile or disassemble the Microsoft Technologies, except and only to the extent that applicable law expressly permits, despite this limitation;

- * make more copies of the Microsoft Technologies than specified in this EULA or allowed by applicable law, despite this limitation;

- * publish the Microsoft Technologies for others to copy;

- * rent, lease or lend the Microsoft Technologies;

- * transfer the Microsoft Technologies or this agreement to any third party other than as expressly permitted thereunder.

- * use the Microsoft Technologies for commercial software hosting services.

Export restrictions. The Microsoft Technologies are subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the Microsoft Technologies. These laws include restrictions on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.

google-diff-match-patch

Google Inc.

Whereas the ABBYY Software incorporates this component: You agree to be bound by Google's T&C as follows:

"TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such

Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and You must cause any modified files to carry prominent notices stating that You changed the files; and You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent

acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

mapifolders

Portions of software contain mapifolders. Copyright Microsoft. Whereas the ABBYY Software incorporates MICROSOFT Outlook 2010: MAPI Header Files or its components (hereinafter referred to as the "Microsoft Technologies"), You agree to be bound by the following Microsoft Software License Terms (the full text may be found at <http://www.microsoft.com/en-us/download/details.aspx?displaylang=en&id=12905>):

The Microsoft Technologies or its components are licensed, not sold. This agreement only gives you some rights to use the Microsoft Technologies or its components. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the Microsoft Technologies or its components only as expressly permitted in the Microsoft Software License Terms. In doing so, you must comply with any technical limitations in the Microsoft Technologies or its components that only allow you to use it in certain ways. You may not

- * alter any copyright, trademark or patent notice in the Microsoft Technologies or its components;
- * use Microsoft's trademarks in Software names or in a way that suggests your Software comes from or is endorsed by Microsoft;
- * distribute the Microsoft Technologies to run on a platform other than the Windows platform
- * include the Microsoft Technologies or its components in malicious, deceptive or unlawful programs;
- * modify or distribute the source code of the Microsoft Technologies or its components so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that
 - * the code be disclosed or distributed in source code form; or
 - * others have the right to modify it.
- * work around any technical limitations in the Microsoft Technologies;
- * reverse engineer, decompile or disassemble the Microsoft Technologies, except and only to the extent that applicable law expressly permits, despite this limitation;
- * make more copies of the Microsoft Technologies than specified in this Agreement or allowed by applicable law, despite this limitation;
- * publish the Microsoft Technologies or its components for others to copy;
- * rent, lease or lend the Microsoft Technologies its components;
- * use the Microsoft Technologies for commercial software hosting services.
- * transfer the Microsoft Technologies or its components to any third party other than as expressly permitted by this Agreement.

EXPORT RESTRICTIONS. The Microsoft Technologies or its components are subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the Microsoft Technologies or its components. These laws include restrictions

on destinations, end users and end use. For additional information, see www.microsoft.com/exporting.
